

Beach

Porcelain - playful terrazzo inspired

Beach brings a playful terrazzo character to porcelain, combining a pale mineral base with scattered colour across four soft, summery shades. The matt 600 x 600 mm format gives the collection a lively but balanced surface for interior floors and walls.

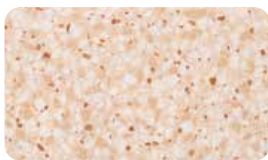

COLOURS

Promenade

Light blue

Coral

Warm pink

Mojito

Sage green

Icecream

Soft white

AVAILABLE FORMATS

600 x 600 mm

Matt finish, 9 mm thick. V1 shade variation.

Application: Interior wall and floor use.

Beach

Matt technical specification

SPECIFICATION TABLE

Size	Finish	Thickness	Colour availability	Rectified	R Classification DIN 51130	Barefoot DIN 51097
600 x 600 mm	Matt	9 mm	All four colours	Yes	R10	B (A+B)

R classification and barefoot classification are separate test outputs. A UK PTV value is not published for this promoted format.

SPECIFICATION NOTES

- The matt surface is classified V1 for shade variation, indicating a consistent overall appearance with only slight variation between pieces.
- For advice on selecting the most appropriate finish for your project, please contact Appleton Brooks.
- Samples are recommended to assess the distribution of coloured terrazzo-style fragments before final specification.

ENVIRONMENTAL CREDENTIALS

Environmental Product Declaration

EPD

A third-party verified Environmental Product Declaration is available for the ceramic products in this range.

Environmental management

ISO 14001

The manufacturing site operates an environmental management system certified to ISO 14001:2015.

End-of-life recovery

Recyclable

Ceramic material can be recovered and recycled at end of life in appropriate recovery streams.

Manufacturer-level evidence is retained internally and supporting documentation can be provided on request where appropriate.
