

Darlton

Porcelain - softly layered stone effect

Darlton is a stone-effect porcelain collection with quiet mineral movement and a softly layered surface. Its four-colour palette moves from the light neutrality of Shell through Rhino grey to the warmer Sand and Bisque tones, giving contemporary interiors an understated, architectural foundation.

COLOURS

Shell
Light neutral

Rhino
Soft grey

Sand
Warm beige

Bisque
Warm bone

AVAILABLE FORMAT

600 x 1200 mm • 1000 x 1000 mm

All four current colours are available in both Matt formats. The current Appleton Brooks Project Essentials range is rectified throughout.

Application: Interior floor and wall applications. Confirm project requirements for wet or safety-critical areas before specification.

Darlton

Colour, format and technical specification

SPECIFICATION TABLE

Size	Finish	Thickness	Colour availability	Rectified	PTV	R Classification	V-Shade
600 x 1200 mm	Matt	10 mm	All 4 colours	Yes	-	-	V2
1000 x 1000 mm	Matt	10 mm	All 4 colours	Yes	-	-	V2

The current Darlton range is rectified and classified V2 for shade variation. No PTV or R classification is published for the standard Matt formats shown.

SPECIFICATION NOTES

- Shell, Rhino, Sand and Bisque are available in both current Matt formats shown above.
- A dash means no published PTV or R classification is available for the current standard Matt scope.
- For advice on project-specific wet-area or enhanced-slip requirements, please contact Appleton Brooks.

CURRENT APPLETON BROOKS SCOPE

This sheet covers the current Darlton Project Essentials range only. Please contact Appleton Brooks to discuss additional project-specific formats or specialist outdoor options.
