

Holiday

Porcelain - rippled glazed brick

Holiday balances vibrant colour with softer, sun-faded tones. A gently rippled glazed surface gives the slim brick format a handcrafted character, while the ten-colour palette moves from quiet neutrals to deep blue, green and red for expressive interior wall schemes.

COLLECTION OVERVIEW

PALETTE

10 colours

A broad mix of quiet neutrals, warm tones and richer statement shades.

FORMAT

60 x 240

A slim brick proportion designed for expressive interior wall layouts.

SURFACE

Gloss

A gently rippled glazed face with a handcrafted, light-responsive character.

VARIATION

V3

Noticeable tonal and surface variation is part of the intended appearance.

AVAILABLE FORMATS

60 x 240 mm

Gloss finish, 8.5 mm thick. V3 shade variation.

Application: Interior wall use.

Holiday

Complete colour palette

COLOURS

Seaweed

Sage green

SPECIFICATION TABLE

Size	Finish	Thickness	Colour availability	Rectified
60 x 240 mm	Gloss	8.5 mm	All ten Holiday colours	Yes

This glossy format is intended for interior wall applications, so floor slip-resistance classifications are not shown.

SPECIFICATION NOTES

- V3 shade variation means noticeable tonal and surface variation can occur between pieces and is part of the intended character.
- For advice on selecting the most appropriate finish for your project, please contact Appleton Brooks.
- The rippled glazed face is visually expressive; samples are recommended to assess colour, variation and reflectivity in the intended lighting.

ENVIRONMENTAL CREDENTIALS

Environmental Product Declaration

EPD

A third-party verified Environmental Product Declaration is available for the ceramic products in this range.

Environmental management

ISO 14001

The manufacturing site operates an environmental management system certified to ISO 14001:2015.

End-of-life recovery

Recyclable

Ceramic material can be recovered and recycled at end of life in appropriate recovery streams.

Manufacturer-level evidence is retained internally and supporting documentation can be provided on request where appropriate.
