Merevale

Porcelain tile — quietly expressive mineral texture

Merevale interprets natural aggregate and fractured stone through a richly textured porcelain surface. Three considered colours — Flaxen, Talc and Mushroom — offer warmth, clarity and an earthy neutral depth. Available in five standard matt formats, with an additional specialist large-format slab in Mushroom, the collection supports layered contemporary interior schemes.

R classifications are based on the May 2026 FAP technical catalogue: DIN EN 16165:2023 Annex B (formerly DIN 51130). Shade variation V2 is shown for Bianco, Beige and Tortora. PTV is not stated and must not be inferred from an R rating.

SPECIFICATION NOTES

- Slip resistance varies by size. Check the exact finish and format being specified; R9 and R10 are distinct classifications.
- Shade variation: V2 (moderate) across Flaxen, Talc and Mushroom. Verified against FAP Materia Eclettica, May 2026, pp. 28-29.
- A dash indicates a value not published in the controlled evidence. The 6mm specialist slab is quoted separately; confirm its intended application before specification.
