

Milan

Porcelain - softly veined stone

Milan is a stone-effect porcelain collection in five coordinated tones with soft mineral veining. Rectified field formats are complemented by Antislip, 20 mm Outdoor, Chisel, Mosaic, Basket and Slat options.

COLOURS

AVAILABLE FORMATS

300 x 600 mm | 600 x 600 mm | 600 x 1200 mm | 1000 x 1000 mm | 1200 x 1200 mm

Application: Finish and format selection should reflect project conditions; see page 2.

Milan

Coordinated decorative and mosaic formats

Milan is supported by a full set of coordinated decorative options across the five-colour palette. Chisel, Mosaic, Basket and Slat formats allow field tiles to be paired with textured and patterned pieces while maintaining a consistent stone-effect language.

CHISEL - 600 X 1200 MM

MOSAIC - 300 X 300 MM

BASKET - 300 X 300 MM

SLAT - 300 X 600 MM

All decorative and coordinating pieces shown above are presented as part of the current promoted Milan range. Decorative formats follow the Milan colour palette: Duomo, Brera, Navigli, Sforza and Scala.

PTV, R classification and barefoot classification are separate test outputs. The primary technical evidence declares R10 / B for 8.8 mm standard surfaces and R11 / C for outdoor surfaces. ANSI A326.3:2021 is also declared at > 0.42. No PTV value is published.

SPECIFICATION NOTES

- Slip resistance varies by finish. Refer to the R and barefoot ratings shown for the specific finish being specified.
- A dash indicates that no verified value is published for that format/finish on this datasheet; no equivalence between different slip-test systems is implied.
- Antislip and 20 mm Outdoor are available only in Brera, Navigli and Sforza.
- Milan is rectified with V2 shade variation across the current promoted variants.
- For advice on selecting the most appropriate finish for your project, please contact Appleton Brooks.
