

Track

Ceramic wall tiles - a study in colour and relief

Track brings together understated plain surfaces and five sculpted relief profiles in a compact ceramic wall tile. Four considered colours make it easy to build tonal or contrasting schemes, while Matt and Gloss finishes offer different responses to light. Designed for interior wall applications.

COLOURS AND COORDINATING SURFACES

  Frost Soft white	  Alabaster Warm neutral	  Pewter Mineral grey	  Thyme Botanical green
--	--	--	---

AVAILABLE FORMAT AND FINISHES

75 × 150mm / Plain / Decor Mix / Matt / Gloss

Plain thickness: 7.5mm. Decor Mix thickness: 6.5-7.5mm, varying by relief profile.

Application: Interior walls.

Ceramic wall tile technical specification

SPECIFICATION TABLE

Surface	Size	Finish	Thickness	Colour availability	Rectified
Plain	75 × 150mm	Matt	7.5mm	Frost, Alabaster, Pewter, Thyme	-
Plain	75 × 150mm	Gloss	7.5mm	Frost, Alabaster, Pewter, Thyme	-
Decor Mix	75 × 150mm	Matt	6.5-7.5mm	Frost, Alabaster, Pewter, Thyme	-
Decor Mix	75 × 150mm	Gloss	6.5-7.5mm	Frost, Alabaster, Pewter, Thyme	-

A dash indicates that rectification status is not confirmed in the current controlled product data; please confirm when a project requires this classification. This is a wall-only ceramic collection, so floor slip classifications are not applicable and are not shown.

SPECIFICATION NOTES

- **Interior wall application:** Both Plain and Decor Mix are offered as ceramic wall tiles. No floor application is stated for this collection.
- **Decor Mix:** Each box contains a random assortment of five relief designs. The distribution varies and not every box is guaranteed to contain all five profiles.
- **Finish choice:** Matt and Gloss are distinct ordering options. For advice on selecting the most appropriate finish for your project, please contact Appleton Brooks.
