Vetria

Glazed porcelain - luminous, glass-inspired wall tiles

Vetria brings the shimmering character of hand-worked glass to glossy porcelain walls. Eight expressive colours capture depth, reflected light and gentle tonal variation across an elongated 60 × 240mm format. Designed for bathrooms, kitchens and feature walls, each piece has its own character.

Vetria

Product specification - glossy porcelain wall tiles

SPECIFICATION TABLE

Size	Material	Finish	Thickness	Rectification	Shade variation
60 × 240mm	Glazed porcelain	Glossy	8.5mm	Non-rectified	V3 — moderate

Colour availability: Boreal, Salina, Cosmos, Selene, Basalt, Anemone, Myrtle and Celadon. For interior wall applications.

SPECIFICATION NOTES

- Each colour has a moderately varied glaze. The appearance of individual tiles will differ; use the approved colour panels and physical samples to assess the full palette.
- This is an interior wall collection. Consider substrate, fixing and detailing requirements for the intended location.
- For advice on selecting the most appropriate finish for your project, please contact Appleton Brooks.
